ELSEVIER

Dear Mr. Streitbuerger,

Congratulations on publishing your article *DoD Stabilization for non-linear hyperbolic conservation laws on cut cell meshes in one dimension* in *Applied Mathematics and Computation*. Thank you for your contribution to the journal and we hope you will consider submitting an article to an Elsevier-published journal again in the future.

As a commitment to improving our service to authors, we would like to invite you to participate in our Author Feedback Program. You will receive an e-mail invitation to complete an online questionnaire from Elsevier, asking you to evaluate our performance. Your opinion is very important to us and will enable us to monitor and improve our services for authors.

Please note: you will not be sent a questionnaire if you have received an author feedback questionnaire from us within the last 6 months or have previously informed us that you do not wish to receive a survey.

Thank you for your cooperation.

Yours sincerely,
Elsevier Researcher Support

Elsevier's Publishing Campus - Access free training modules, online lectures and expert advice
An online training and advice center that gives you free access to lectures, interactive training and professional advice on a wide range of topics, from the fundamentals of publishing and grant writing to career guidance and broader issues like gender in research and open science.
